## MERCHANTS TO BE OPEN NIGHTS FROM MAY 30 TO SEPT. 4

### Whitmore Calls Farmers' Meeting to Consider Market

It was generally understood that merchants will keep their stores open nights from Memorial Day until Labor Day, following a meeting of the Chamber of Commerce Monday night, which was attended by many of Antioch's representative business men.

G. A. Whitmore was named at the meeting as committee chairman to call a meeting of farmers regarding the establishing of a Farmers' Market here. Mr. Whitmore stated today that the meeting will be held the first of next week.

The daylight saving time ordinance was discussed, and it was concluded that no action could be taken against it since the referendum vote taken and the decree of the board has made the ordinance effective, beginning next Sunday.

The plan to advertise the community in Chicago papers was abandoned because of the excessive cost of the project of raising funds.

## Average of 95 Tops Grade Honor List

### Eight Have Grades of 94 For Fifth Six Week Period

Florence Hackett, seventh grade student, leads the list of Honor Students at Antioch Grade School this week with an average grade of 95 for the fifth six weeks period. Eight students receiving a grade of 94 were Roberta Sells, June Ellis, Lucille Waters, Betty Hanks, Helen Lukken, Mary Louise Snyder, Vallerio Wilton, and Jayne Allner.

The complete list follows:

**Fourth Grade**  
Roberta Sells, 94; June Ellis, 94; Florence Peterson, 93; Charles Wallace, 93; Billy Mongan, 93; Irene Packey, 92.

**Fifth Grade**

**Eighth Grade**  
Mary Louise Snyder, 91; Vallerio Wilton, 94; Jayne Allner, 94; Winnie King, Harvey Miller, 91; Phyllis Mount, 90.

### Boy's Cowboy Dream Spoiled by Deputies

Starting out for Arizona and its reputed cowboy life, Harry Johnson, 13, of Kenosha, got only as far as Antioch Tuesday.

He rented a horse from Goldberg's Riding Academy in Pleasant Prairie for 50 cents an hour and then set out southwestward.

When he wasn't back with the steed in four hours, a call was sent out to neighboring police, and sheriff's men led by Goldberg found the tired and blistered youth east of Antioch, his horse plodding along Rosendale road.

Harry was placed in charge of Lake County probation authorities at the request of Goldberg and Sheriff Lester Tiffany.

### Dissolution of Banks Studied

Plans for the early dissolution of the Illinois state banks which have not been licensed for business since the expiration of the general banking holiday are now being made, State Auditor Edward J. Barrett said Tuesday.

Comparatively few of the 220 institutions which are still closed will be permitted to resume business, he stated. The reorganization plans of a number of Chicago banks which attempted to get new money and put their affairs in sound shape have failed, the auditor said. He added there is little hope that any more than three or four of the Chicago banks still closed ever will reopen again.

## Antioch Churches, Schools Unite in Observance Sunday

### President's Day to Be Topic of Special Services and Prayers

Churches of Antioch will unite with the nation Sunday when prayers and special services will mark the observance of "President's Day" set aside to pay tribute to the nation's leaders and to offer an expression of faith and co-operation.

Antioch Grade School will also take part in the celebration, Principal Ralph Claiborne states. Programs have been arranged for the observance tomorrow.

American Legion Post, No. 748, and the Auxiliary, have been invited by Rev. Rex Simms of St. Ignace Church to be guests at the morning services. Mr. Simms will deliver the sermon. At St. Peter's Church special prayers will be offered at the services, according to Father Francis M. Flaherty. The day will be observed also at the Methodist Church, the Rev. Philip T. Bohl states, adding that he believes "everything should be done to aid in focusing the attention on faith and co-operation at this time."

Organizations in some sections of the country are joining with the churches and schools in participating in the day's services. A proclamation setting aside the day has been issued by Governor Homer of Illinois, and governors of other states. The state senate of Illinois Tuesday night adopted a resolution, already passed by the house, urging, by a unanimous vote, participation in the day throughout the state.

In Chicago, a number of business firms are stressing the importance of the day and urging celebration. A plane flown by Major Victor E. Bertrams, on a demonstration tour of the country, carries a "Back Your President" sign.

## First Cast Presents "Girl Shy" Tomorrow

### Twenty-four Students Act in Annual Class Production

The curtain will rise tomorrow night on the first performance of "Girl Shy," Junior class play, which is being presented this week-end by two casts, the first appearing tomorrow night and the second on the following night, at the Antioch Township High School Auditorium.

The casts have been coached by Mrs. George E. Phillips for the past six weeks, and include twenty-four members of the Junior Class. Arthur Griffin is stage manager of the production. Clarence Guller, Eileen Phillips and Dorothy Schaefer are his assistants. Properties are in charge of Margery Crowley, Helen McVear, Lester Osmond, and William Christensen. Bernice Vaumann will have charge of make-up for the actresses and actors. Publicity is in the hands of Marvin Van Patten, Ted Rabins, Wilma Schmidt and Margery Dillie. Helen Guller and Delbert Sherwood are business managers.

## Legion Will Stage Annual Festival Again, July 1, 2, 3, 4

Post No. 748, American Legion, will hold the annual festival July 1, 2, 3 and 4, in Antioch, it was decided at a meeting held last Friday night. This will be the eighth successive year the Legion has staged this event.

The festival annually includes such entertainment features as fireworks, booths and refreshment stands, and draws crowds from all sections of the part of the county. The Legion Executive committee has charge of arrangements for the event. Members of the committee are Dr. L. John Zimmerman, Walter Hills, Paul Chase, Archie Mapleshorpe, Alonzo Runyard, Otto Klass, George Garland, Clarence Shultz and George Hirschmiller.

## Taxpayers Will Meet to Urge Lowered Taxes

Protest against the "lack of definite legislative program for tax reduction and substantial economy by the administration, the legislature and the state tax commission, will be made at a mass meeting of the sixty county units of the Illinois Taxpayers' Association, Wednesday, May 3. The meeting has been called by Frank Funk, president of the organization to demand legislative action. Relief for real estate will be one of the main issues of the meeting.

## Glassman Wins Fourth Place in Speaking Contest at Hinkley

Roland Glassman of Antioch, Township High School, representing Antioch in the sectional vocational agriculture speaking contest at Hinkley last Friday night, won fourth place among the twelve contestants.

The addresses made at the contest were written by the boys and delivered by them. Young Glassman chose the topic, "Ways Out of the Depression." The subjects chosen were based on some phase of agriculture.

## Benefit Party Planned for Jr. Baseball Nine

### Proceeds Will Buy Shoes for Boys; Will Be Held May 5

A card party for the benefit of the Junior Baseball Team being sponsored by the American Legion Post, No. 748, will be given Friday, May 5, at the Antioch Grade School.

Fifty hundred and bridge will be played at the party, arrangements for which are being made by Dr. G. A. Jensen, Otto S. Klass and Dr. L. John Zimmerman. Proceeds will be used to buy baseball shoes for the players on the Junior baseball team. Twenty Antioch boys and ten from Allendale have reported for team practice up to the present date according to reports of Walter Hills, a practice game will be played with the High School team, next Wednesday afternoon at 4 o'clock. Admission to this game will be free.

## Junior Guild Selections For May Are Announced

Advance notice received by Miss Mary Stanley, librarian, Antioch Public Library, regarding the selections for May, list "Round About America" by Anne Merriman Peck and Edna Johnson, "One Day With Mann" by Armstrong Sperry, "Peter Duck" by Arthur Ransome, and "Silver Chief" by Jack O'Brien as the books which will be received this month from the Junior Literary Guild.

"Round About America" is a book for older girls, described as an "entertaining travel book which takes its readers into every part of their own United States." It is illustrated with sketches by the author. "Silver Chief," the book selected for older boys, is the story of the friendship between a wolf dog and his master. Its setting is the Canadian wilderness.

The Intermediate's book, "Peter Duck," is a sea story with a great deal of action. "One Day With Mann," the primary child's book, is a well-illustrated story of a busy day in the life of a little boy of Tahiti, by an artist who has lived there.

## Slater Buys Huber Property; Will Open Modern Poultry Farm

An eight acre tract of land, property of Max Huber, located north of the Soo Line tracks, was sold this week to E. F. Slater of Burlington who plans to establish and operate a modern poultry farm on the property. The transaction was made through the Stahl and Company real estate firm.

Mr. Slater has had more than twenty-five years of experience in the poultry business. He was manager of the poultry department at Chesney farms in this section six years ago and has also operated a poultry department at Sheridan, Ill. At one time, he taught poultry husbandry at Berrien Spring College, Michigan.

Mr. Slater plans to operate a year-around breeding plant on his farm, starting with a stock of about three thousand chicks. He states that he will be glad to co-operate and advise the farmers with their stock and will sell baby chicks and poultry of all kinds. All the poultry on his farm will be state accredited and blood tested.

## Permit Issued for Work to Be Done on A. P. Store

A building permit was issued Mrs. T. A. Somerville this week, by Village Clerk Roy L. Murrell for having alterations made on the building occupied by the Atlantic and Pacific Tea Store. John Kinnare is the contractor who will have the work. It is planned to make the building larger.

Mrs. Frank Hunt attended funeral services for Mrs. James Furlong last Friday in Chicago. Mrs. Furlong was a sister of Mrs. James Coyne who formerly lived here.

Laurel Van Patten and O. L. Anderson were in Waukegan Tuesday on business.

## Fair Gondolier

Demetris Bellom, shown at the left, guided a gondola to one of the lagoons at a Century of Progress-Chicago's 1933 World's Fair. During the exposition many of these craft will be in operation on both lagoons.

## Michigan Man Buys Antioch Cafe

Through a deal closed Friday, Gust Mantla of Pontiac, Michigan, became the sole owner of the Antioch Cafe property which was formerly owned by Ted Poulos. The cafe has been closed during the winter months.

Mr. Mantla is a restaurateur of wide experience, having successfully operated a cafe in Pontiac for five years and in Flint, Michigan, for eight years. Recently he sold his Pontiac business.

With the cafe property, Mantla also acquired the building lease which was held by Poulos. John Pociol owns the building. The proprietor is redecorating the place preparatory to opening next week-end.

Mr. Poulos has not announced his plans for the immediate future.

## Village Board May Consider Beer Fee

### Meeting Held To-night to Wind Up Year's Business

Consideration of the village license fee for beer dispensaries may be among the matters taken up at the meeting of the Board of Trustees this evening to their last session to be held this term. Bills will be allowed at this meeting and odds and ends of business finished up.

Action on the licensing of beer selling has been delayed by the board up to the present time because of the failure of the state legislature to pass the state bill. With Governor Harner's signature on the beer law, imposing a state tax of \$50, the board's way to action is clear.

George B. Bartlett, president of the board, questioned today, did not definitely state whether the matter will be passed on, but stated that he conferred with Village Attorney, Eugene Runyard, yesterday concerning the matter.

It is doubtful whether any definite action will be taken at the board meeting to-night. A meeting will be held May 2 with James Stearns, newly elected member of the board, installed in office.

The state beer bill besides placing \$50 as the license fee for dispensaries, places a tax of 2 cents per gallon on beer, to be paid by the brewers. The local licensing fee is limited to \$200 by the bill.

## W. C. Petty Named to Head Teachers' Publicity Group

W. C. Petty, county superintendent of schools, was named head of the publicity committee at the annual convention of the Lake Shore Division of the Illinois Teachers' Association which met at Evanston Monday.

Teachers from both Antioch schools attended the meeting to hear the addresses of several educational authorities including Dr. Rufus B. Von Kleinhamel, president of the University of Southern California, and William F. Foster, director of the Pollak Foundation for Economic Research.

## May Pay Taxes Here

You may pay your taxes at the First National Bank of Antioch.

Mr. and Mrs. Morris Radtke are moving this week into the Delsiel home located on Park Ave.

## Antioch Clocks Will Gain Hour Sunday

### Village Joins North Shore Area in Daylight Saving Move

Antioch merchants, schools and churches will officially go on daylight saving time Sunday morning at two o'clock along with Chicago and villages through the north shore area, in line with the ordinance passed by the Board of Trustees at a meeting last week.

Although the straw ballot voted on at the general election, April 13, gave the time for the change as the first Sunday in May, (May 7), the ordinance passed by the trustees, reads April 30, conforming with other villages and Chicago in the change.

A number of advantages will result to various groups in the community through the change. Several merchants have favored it because deliveries from the wholesale houses run on the day light time schedule.

The schools have favored the action because as a result there will be more after-school hours of daylight for playing baseball. Homes in which both times have been kept in the past are welcoming a uniformity in time for schools, business, and other activities. Train schedules as usual will remain on standard time.

While the measure has met favor from many sources, it is understood that a number of merchants will remain on standard time, giving as their reason the fact that the day-schedule is inconvenient for the light schedule is inconvenient for the former.

## Firemen Give Benefit Keaton-Durant Comedy

### Sales Drive Put on to Raise Money for Annual Meeting

Antioch's Fire Volunteers will sponsor a show, "What No Beer" at the Antioch Theatre next Tuesday and Wednesday, in an attempt to raise money for the department. The show, which stars Buster Keaton and Snuggles Durant, is a recent comedy production. Proceeds will go toward paying the expenses of the county firemen's convention to be held here, May 22.

Twelve ticket selling teams, each made up of two firemen, are canvassing Antioch township and the surrounding area this week in a drive to sell out the house for both nights. Two shows will be given each evening and special features will be offered in connection with the picture.

The annual county meeting, to be held the latter part of May, will draw between 300 and 500 firemen, according to Richard Altner, a member of the committee on arrangements for the day.

An all-day program is planned, although no definite announcement has been made as to the speakers who will appear. Demonstrations, a parade, and a closed firemen's meeting in the evening will be part of the program.

## "Do Something," Advice of Pat Joyce, Writer Relates in Magazine

"Nobody ever got anywhere by waiting. Doing something, even if you do it wrong, is better than doing nothing at all," is the advice credited to Pat (Patrick H.) Joyce, president of the Chicago Great Western Railway who makes his home on Fox Lake, in an article published in the American Magazine for May.

The article, written by Neil M. Clark, gives a brief sketch of Joyce's rise from a messenger on the Chicago Board of Trade to his present position. For two years Pat Joyce was a hobo and a jungle bum, the author relates, and he is now president of the Great Western and the largest single stockholder in the company.

A reference Joyce once made to the martins around his home "at Antioch" is recounted in the article. Stressing the point of the need for self reliance, the railway president said, "The old ones pushed the young ones off, forcing them to try their wings."

## Carson Donnelly to Play At Lake Pavilion Opening

Carson Donnelly, publicized as Chicago's platinum blond piano marvel, and his orchestra, will play at the opening of the Channel Lake Pavilion Saturday and Sunday, May 13 and 14. Following that date, dances will be held at the pavilion, every Saturday and Sunday evening. Donnelly and his orchestra will continue their engagement until July. The pavilion is under the management of Homer Wynch.

## DEFER HEARING FOR YOUTHS HELD FOR ARSON, THEFT

### Confess to Burning Cord- ingly Property and Cupboard

Preliminary hearing for four Antioch youths held in Lake County jail on charges of arson, burglary and larceny has not been set, State Attorney Charles E. Mason stated this afternoon. The youths held are Charles "Red" Pester, 23 years old, Lake Villa; Robert Wilson, 25 years old, Antioch; Charles Polze, 23 years old, Antioch, and Edwin Hucker, 23 years old, Antioch.

Confessions were made by the four individually and jointly to setting fire to the Dr. George V. Cordling property, Cedar Lake, and later breaking into the King Drug Store, taking \$30 from the till and several cartons of cigarettes. The property burned includes the Bellmore Hotel and Cordling home.

Confessions have also been made by Pester and Hucker of looting the Moose Hall several months ago; stealing automatic pistols from the Antioch High School and looting the Haley and Rentner garage at Lake Villa.

**Burned Cupboard**  
A number of thefts and the burning of the Cupboard have been cleared up in the confessions made by the four men. Hucker confessed Tuesday that he burned the Cupboard, because he "did not like Jim" who ran the place. Hucker stated that he robbed the place first, taking a gun and several other articles. He also confessed to breaking into the Anton Cermak home and taking a gun, and to breaking into the Walter Klein Market at Wilmet and taking meat.

Reports that they confessed to burning the Wilmet school several months ago, could not be substantiated at the state's attorney's office this afternoon. Mason stated that no such confession was made by any of the youths before him.

The four were questioned concerning the fires by Deputy State Fire Marshal Paul E. Bertram early in the week. The Cordling home was completely destroyed by the fire and damage to the amount of \$500 was done to the hotel.

All four youths confessed to stealing two half barrels of beer and 11 full cases from the John Jackson resort at Deep Lake, and to stealing five gallons of gasoline from the Alvera filling station the night they set the Cordling fire.

**Admits Ray Theft**  
Polze in his confession stated that with Pester and Wilson he stole fourteen gallons of gasoline from the Bert Ray Sinclair station directly across from the post office last week.

The four were arrested early Friday morning when George Garland, fire volunteer, returning from the Cordling fire, went to King's Drug Store and discovered the theft. The Cordling property was not insured according to Firechief James Stearns. While the fire was still burning, the four left for the drugstore which they broke into.

**Held Grudge**  
According to the confessions, Hucker and Wilson poured gasoline on the building and Pester applied the match. Pester stated that the act was prompted because of a grudge he held against Dr. Cordling, whom he declared did him "dirty."

Alonzo Runyard, Antioch farmer and Legionnaire, was arrested on a charge of receiving stolen property, but Mason stated the charge against him will not be pressed. A part of the beer and stolen cigarettes taken by the youths was hidden in the Runyard barn under the hay. In their confessions, they stated that Runyard did not know the loot was there.

The arrests Friday morning were made by state deputy sheriffs, Arthur Grice and David A. Hutton. The men were found in the basement of the lunch room next to the post office which was run by Wilson, popularly known as "Maggie." Herman Rosling crawled through the window to the basement, but was unable to rouse the men. A door was broken through to reach them.

Bottled beer and cigarettes from the drug store were found at Maggie's when the men were arrested. They made their confessions several hours after the arrests.

## Lake Villa Man Buried

James McFadden, 88 years old, of Lake Villa was buried Sunday morning at Mt. Carmel after funeral services held at 9 o'clock from St. Peter's Church. Mr. McFadden who lived at Reynolds Kennels on Grand Avenue, Lake Villa, died Friday at Victory Memorial Hospital.

### THE MAGNIFICENT GESTURE

Advising his audience to go back and read Emerson again, Preston Bradley of the People's Church, Chicago, talked at Fox Lake Tuesday night on how America can save herself from the madness of the world.

Dr. Bradley, whose talent as a speaker has won him an audience which extends beyond Chicago and this North Shore area, returned several months ago from a speaking tour through Europe, and he declares, "Germany is mad; Italy is mad; Japan is mad." He assured his audience that he anticipates that one day the president will issue a proclamation to the world, saying, "Not one shell, not one battleship, not an ounce of gold, not an ounce of steel, shall go from the United States to any nation which dares to participate in a war." "That," said Dr. Bradley, "would be the magnificent gesture."

A reflection of the New England philosopher, whose writings the speaker recommended to his audience, was apparent in his own philosophy. He presented a problem in values—is it life or wealth which has the highest price?

The years since the World War, as Dr. Bradley pointed out, have been disillusioning, and Wilson's phrase, "A war to make the World safe for Democracy" has long since ceased to be idealized. But as a people, it is doubtful that we have thoroughly learned the lesson that glory lies in peace and not in strife.

We need more men like Dr. Bradley to spread the doctrine of the "Magnificent Gesture" if America is to remain sane.

### CHEERING FROM THE SIDELINES

Sunday we unite as a nation in observing President's Day. Churches in the cities and in the rural sections are setting aside this day to a consideration of our country's highest official, his leadership, and the task which he has before him. The psychology of this observation has several interesting ramifications.

Whatever may have been the origin of the day, in performance it will, in most cases, be non-political. As

a nation that day, we will be, Republican and Democrat, united in the consideration of our present crisis and in the hope that Franklin Roosevelt will find the strength and insight for solving the enigma.

"President's Day" is essentially intended as a pep meeting, to give us renewed confidence through our unity, to give our leader and his associates confidence through our expression of faith. When a football team goes out to down an opposing eleven, the least the student body can do, is cheer from the sidelines. We laymen, like the student body, have no key to the solution. Let's contribute our cheers.

### WE CALL BRITAIN'S HAND

Excerpt from the Milwaukee Journal

One reason for halting payments in gold to other nations and thereby depreciating the American dollar in terms of their money is that it gives this country, through Mr. Roosevelt, an advantage in talking about trade restoration. We find an English writer, city editor of the London Daily Mail, explaining to his readers on March 7 what the situation was:

"The dollar value of the pound has of late been in the neighborhood of \$3.40. This compares with the old gold standard value of \$4.86. The present rate is believed to represent the justified ratio between the pound and the dollar. At this depreciated level, our industries are enabled to obtain a reasonable share of the world markets, as our internal working costs compare equitably with those of other currencies on this basis."

In other words, Great Britain was reaping an advantage from the depreciated pound.

The London editor continued: "If, however, the dollar is devalued, then our industries must suffer. . . . Then the question will arise as to the necessity for sterling (the British currency) to be further devalued to maintain its present ratio."

But the British editor believed, or at least hoped, that the United States would not get into this competition of depreciating currencies—would not follow British example.

The hope, alas, was doomed. The reason was that Mr. Roosevelt had not been elected to meet the British troubles but to meet the American situation. He could not disregard a weapon used by other nations, merely because if all use it, then it will not help any. It had to be demonstrated that the United States was not blind to what was going on.

## 25 Percent of Sales Tax Will Go To Schools

Twenty-five percent of the sales tax to be allotted to Lake county will go to the elementary schools in Lake county while the remainder will go into the various township relief funds. This was decided at the meeting of the board of supervisors Wednesday.

County Clerk Lew A. Hendee appeared before the board in the morning and explained that it was necessary for the board to decide on distribution of the money to be received from this tax, otherwise all of it would go into the school funds of the county.

The allotments to the schools will be based on the expenditures over a period of the last four years. How much will be received from the state is problematical as the collection of the tax is being withheld pending a decision on the legality of the act of the legislature establishing the tax.

Members of the board discussed the law at length some of them expressing regrets that the taxes cannot be used in relieving financial conditions of high schools in the county.

### ROGERS HEADS NEW RELIEF COMMITTEE

Alvah L. Rogers, prominent Waukegan business man, is the new chairman of the Lake County Emergency Relief committee, a subdivision of the Illinois Emergency Relief commission. William F. Kirkham was elected secretary. The committee is in direct charge of relief work in the county.

Rules of the state organization govern the local committee in their allotment of relief funds. Applicants for relief who own cars will be required to deposit their license plates with the committee during such time as relief is issued to them. He may obtain the plates back again if he has work that requires that he make use of the car, and then through the consent of the local agent.

Mr. Rogers succeeds Theodore Blech who has served as chairman since the committee was established in the county.

## Zion Bans Beer; Serves Saloons With Pretzels

Although the city council of Zion has voted to ban the sale of beer in any form in any establishment in that community the Zion bakery is running night and day to supply the demand for pretzels and cheese crackers.

While Wilbur Glenn Voliva, overseer of Zion, would not care to boast about the business enterprise of the baking department of the Zion Institutions and Industries, the fact is that salesmen for this bakery make regular rounds of saloons and speakeasies in selling the wares turned out in the ovens in that arid community.

The pretzel and cheese cracker di-

vision of the bakery are overshadowing all other departments of the institution in activity and likewise in helping Mr. Voliva meet his obligations. These two articles of food have always been outstanding as objects that should be washed down with beer.

In fact the ravages being made on these two products in the saloons of this vicinity are such that saloonkeepers are unable to keep a supply in stock.

One establishment unable to obtain a supply of pretzels substituted salted walnuts and while these lacked the flavor most desired by the beer drinkers they did not last long.

## Forgotten Gold

A vigorous campaign is under way to recover the immense treasure of old gold jewelry and dental gold hidden away and often forgotten, in American homes. Half a billion dollars' worth of this old gold is estimated to lie idle and unproductive at a time when our courageous President is striving to further strengthen the Federal Gold Reserve. It is a patriotic duty to bring this gold out of hoarding, for it is just as valuable to Uncle Sam, after refining, as coin or bullion drawn out of hoarding. Converting this wealth into cash would also vastly stimulate the purchasing power of the nation.

The great treasure of unused gold is in the form of old gold jewelry, watch cases, spectacle frames, dental plates, watch chains and trinkets of many kinds. The average person will be surprised at the cash value of these trinkets lying away in old bureau drawers and closets, and these sums, multiplied by the twenty-five million families throughout the United States, will pile up a fabulous treasure.

A similar campaign carried on in Great Britain in 1931 brought out of hiding \$500,000,000 worth of gold. It is confidently believed that the United States, with nearly three times Great Britain's population, can at least equal this record. Both the British and American campaigns made the fatal mistake of permitting this gold business to slip into the hands of irresponsible dealers. Gold was often bought by traveling buyers and the public was often cheated; and the gold did not always find its way to the British Government where it was so badly needed.

The United States has already suffered to some extent from the same danger. The country has been overrun with canvassers who know very little about precious metals and who are irresponsible or downright dishonest. Some of these traveling dealers claim to be representatives of the United States Government and induce unsuspecting people to part with their old gold for only a fraction of its value. Many ingenious swindling tricks, including the use of false scales, are resorted to by these adventurers. The United States Government has no such representatives and the most serious result of their work is that there is no assurance that the gold they pick up will ever find its way into the United States Treasury.

To assure protection and honest dealing, the owners of old gold are urged to sell only to responsible jewelers in their community. These jewelers understand precious metals; they have a reputation to sustain and are prepared to pay spot cash for the true value of the old gold brought in to them. Responsible retail jewelers all over the country have arranged so that the gold they buy and turn over to reliable refiners, will find its way to the Treasury Department.

America's leading refiners of precious metals for the jewelry indus-

## Understand Inflation? Maybe This Will Help

Inflation is on every tongue. As an aid to an understanding of its rudiments the following primer is presented:

Q. What is money?

A. Money is either a token (such as the copper penny), a coin (such as the silver or gold dollar), or a certificate (such as paper dollar bill) used as a medium of exchange.

Q. Why is money needed as a medium of exchange?

A. Money is needed as a medium of exchange because of the difficulty of barter and exchange of goods. I. E.—It would be difficult for a farmer with 20 cows for sale and a desire for a suit of clothes to find a man with the clothes for sale who would accept the cows in payment.

Q. How has the government inspired confidence in its money?

A. By maintaining actual gold in the treasury ample to redeem its gold notes.

Q. What is the meaning of the "gold standard"?

A. The contract of the government to redeem its notes in gold at the money holder's request.

What is "Off the Standard"?

Q. Why do we say the United States "has gone off the gold standard"?

A. Because the government has announced it will not permit gold to be shipped out of the country to redeem its own money and will not buy and sell gold at the price our laws have fixed.

Q. How did going off the gold standard produce what we call "inflation"?

A. It produced inflation because when this country refused to redeem its money in gold it lessened the buying power of that money. Money is not so desirable as it was.

Q. What did that inflate?

A. It inflated the value of basic commodities such as cotton, wheat, rubber, coffee. In comparison with money. If under the gold standard one dollar would buy two bushels of wheat, and when the gold standard was abandoned one dollar will buy only one bushel and a half of wheat, the value of wheat has been inflated.

How Does It Help?

Q. Whom does inflation help?

A. It helps any one who has commodities or labor for sale.

Q. How is that expected to overcome the depression?

A. Because of the lessened value of

try, Handy & Harman of New York, are co-operating in the campaign by refining all of the old gold sent to them by jewelers. It is understood that they make only a small charge for the recovery of the pure gold and guarantee to turn over every pennyweight to the Treasury Department. In such ways as this, an immense treasure of gold will doubtless flow into the Government Reserve under the proper safeguards to the public.

The return of prosperity should be hastened by this movement, for it at once enriches the owners with cash and the Government with gold.

money, more of it will be put in circulation to purchase commodities, and the pace at which money circulates will be increased.

Q. Why is it said inflation helps the debtor and hurts the creditor?

A. Because the debtor pays his debt in money that is of lessened value (it will not buy so much in commodities).

Q. What other ways of inflation are suggested?

A. (1) It is proposed that the actual value of pure gold in the gold dollar be reduced. (The gold dollar now has 23.22 grains.) (2) It is proposed that silver be joined with gold in bimetallic standard. (3) It is proposed to print billions of paper or fiat money, thus reducing the metallic backing of money.—From the Chicago Tribune.

## Board of Supervisors Act on Various Issues

(Waukegan Journal)

**DEFER MAGISTRATES PLEA**  
John T. Johnson of Winthrop Harbor will not be able to act as Police Magistrate until after the June meeting, as the statutes provide no appointment can be made except where the unexpired term is less than one year. Johnson was Police Magistrate and because of not supplying a bondsman in time was automatically stopped from acting. County Clerk Hendee explained to the board it was a technical matter, and State's Attorney Chas. E. Mason was called before the board and gave a decision as stated.

**WAUKEGAN HELPS LAKE VILLA**  
Supervisor Pilliant listened with sympathetic ears to the urge of Supervisor Stratton of Lake Villa, with the result that \$200.00 for relief work was transferred from Waukegan to Lake Villa.

**TWO ON FINANCE COMMITTEE**  
Because of the resignation from the board of chairman of the finance committee, Mr. Vercos (Deerfield) and the defeat of Ficke (Elia), also a member of that committee, Supervisors Brown (Avon) and Blesch (Deerfield)—were appointed as temporary members.

### CONSIDER 13 YEAR OLD CLAIM

A thirteen year old claim of the McQueney Detective Agency once more was brought to the attention of the board—a claim for services in a murder case and another for blind pig investigation, amounting to something more than a thousand dollars, but which was cut to \$508.65 by the judiciary committee some time ago.

McQueney claimed he was entitled to receive a voucher made out years ago and signed by former County Treasurer Roy Bracher, but never signed by County Clerk Hendee.

The matter came officially to the attention of the board on Wednesday, when the county clerk said, "I will not sign that voucher unless this board authorizes me to do so. The County Treasurer will not pay the claim under the circumstances, even if I do sign it—which I will not."

The matter was referred to the temporary finance committee, who met with Jas. McQueney and County Clerk Hendee after adjournment, and will make their report to the board April 28th at the adjourned meeting.

### RECEIVES \$21,392 FOR ROAD BONDS

The Motor Fuel Tax Collection for Lake County, as reported to the board of supervisors for the month of December, \$10,559.19 and January, 11,130.14 less the reserve of \$297.28 for interest and retirement of bonds issued for emergency relief will net the County \$21,392.05 to pay interest on and to go to the fund to retire road bonds.

### SALES TAX TO BENEFIT RELIEF AND SCHOOLS

If the Supreme Court does not upset the sales tax law recently enacted, the Unemployed Relief Fund of the county will probably gain 75 percent and the elementary schools 25 percent of the total amount of the sales tax collected in the county.

This message came Wednesday to the board of supervisors, and a discussion in which Supervisors Pilliant, Brown, Herschberger, Kelsey, Sutkus, and County Superintendent of Schools W. C. Petty took part, brought out:

All but four townships had made their regular annual levy which included for relief purposes:

That the board of supervisors would have full control of "expending the funds; and

That the high schools would not receive any portion of the income.

On motion of Supervisor Sutkus, the matter was deferred until the June meeting, by which time the legality of the legislative act will have been decided by the Supreme Court.

In order that the sales tax be not used in its entirety for school purposes, it will require a two-thirds vote of the supervisors to divert any or what amount to relief work. No objection to the 75 percent and 25 percent division was voiced, and that seems the disposition to be made.

Lake County must stand its proportionate amount of the state administration costs in handling the sales tax collection and disbursement, this amount to be deducted from the gross sales tax collected in the county.

### BANKS FOR COUNTY DEPOSITS

The Board of Supervisors at the Wednesday session authorized County Treasurer J. F. Morse to use 13 banks as depositories for county funds. The conditions under which the banks are designated are:

Deposits cannot exceed 75 percent of the Capital and Surplus (a State provision).

No bank not operating without restrictions will be permitted by the companies bonding the County Treasurer to be used by him.

The banks designated are:

Deerfield State Bank, Deerfield, Ill.

First National Bank of Antioch, Antioch, Ill.

First National Bank of Barrington, Barrington, Ill.

First National Bank of Lake Forest, Lake Forest, Ill.

First State Bank of Round Lake, Round Lake, Ill.

## Urges Chicago To Buy Milk In Vicinity Of City

Need of immediate action on the part of the health department of Chicago in speeding sanitary inspection of farms in Illinois close in to that city in order that all of these milk producers may profit in the event of a milk strike on the part of farmers in Wisconsin, Iowa and other nearby states which are serving Chicago, was cited in the following editorial appearing in the Chicago Tribune:

"The continuance of threats of a strike by dairy farmers in Wisconsin and other states bordering on Illinois calls attention again to the advisability of speeding the sanitary inspection of close-in farms in Illinois. The threat of a strike is directed largely, though not exclusively, at the Chicago market, which, for one reason or another, has been supplied in considerable part from farms outside the 100 mile zone.

"Hauling milk a long way to market is expensive and consumes time, during which the quality is in some danger of deterioration. Inspection of farms at a great distance from Chicago means an unnecessary cost to the health department of the city and makes for less careful examinations. There is also some economic advantage to Chicago if as much as possible of its purchases are made within the city's own trading area.

"The citizens of neighboring states, and notably Wisconsin, have made no protest against their governments' attacks upon Chicago's welfare in the lake levels controversy. That was an indication that small value was placed upon the consuming market for dairy products in the metropolitan region. A successful Illinois waterway means a prosperous Chicago and an expanding market for milk and other dairy products; on the contrary, the shutting off of the flow through the Chicago river may mean epidemics in the metropolitan area, a declining population and declining purchases from dairy farmers."

# SAVE WITH A NEW CHEVROLET

Save on purchase price • Save on gas and oil  
Save on upkeep

"I see this Chevrolet Standard Six is advertised as the world's lowest-priced six-cylinder closed car."

"Well, at \$445, it certainly is a great buy."

"Remember—in the old car, you always wanted the front window open, and I wanted it closed?"

"Yes—thank goodness for this Fisher Ventilation. Now everybody's satisfied."

**CHEVROLET** You'll pay less for a Chevrolet than for any other six-cylinder closed car on the market. You'll spend less on it for gasoline and oil than you would on any other full-size automobile. You'll also spend less to keep a Chevrolet in first-class mechanical condition.

Then, in addition to saving all this money, think how much better off you'll be in every other way. You'll own a big, comfortable Fisher Body car—a fast, dependable, smooth-running six—one of the smartest, most attractive cars on the road today—and the most advanced car ever to appear in the low-price field. **SAVE—**with a NEW Chevrolet!

### CHRISTIAN SCIENCE CHURCHES

"Probation After Death" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, April 23.

The Golden Text was, "He that shall endure unto the end, the same shall be saved" (Matthew 24:13).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "If the clouds be full of rain, they empty themselves upon the earth; and if the tree fall toward the south, or if toward the north, in the place where the tree falleth, there it shall be" (Ecc. 11:3).

The Lesson-Sermon also touched the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Mortals need not fancy that belief in the experience of death will awaken them to glorified being. As man falleth asleep, so shall he awake. As death findeth mortal man, so shall he be after death, until probation and growth shall effect the needed change" (p. 204).

## AMUSEMENTS

### AT THE GENESEE

Maurice Chevalier's latest picture, "A Bedtime Story," is showing at the Genesee Theatre Sunday for three days.

Helen Twelvrees, Edward Everett Horton, Adrienne Ames and Baby Leroy, the year-old youngster chosen from among thousands of other babies, head the cast.

Chevalier is cast as a man-about-town who suddenly discovers that home and fireside have their charms. This awakening comes to him on his return from a voyage when he finds a baby abandoned in a car.

Helen Twelvrees, an American girl stranded in Paris, becomes the baby's nurse. When Chevalier takes baby, nurse, and the rest of his menage to his fiancée's home for a week-end, developments are fast, furious and funny.

### Barrymore Picture

"Rasputin and the Empress," Metro-Goldwyn-Mayer's sensational drama of the fall of the Romanoffs, with John, Ethel and Lionel Barrymore together on the screen for the first time, is the attraction coming Wednesday to the Genesee Theatre for four days.

Ethel Barrymore plays the Empress. John is cast as prince Chigodoff, and Lionel essays the role of the "Holy Devil." In every case, perfect make-up makes the characters exact replicas of the originals.

Mrs. Michael Golden, Mrs. Margaret Webb and her daughter, Mary Rose Webb, and Miss Mildred Hufalk, visited in Chicago last Saturday.

Mrs. Clayton King and son, Wilson, are visiting with Mr. and Mrs. F. D. Powles this week.

Olas Frills returned Tuesday from Oshkosh, Wis., where he attended the funeral of his brother, Peter Frills. The latter died last Friday.

Mr. and Mrs. Eddle Olson, of Poplin, Wis., arrived last week for a visit of indefinite length, with Mrs. Olson's parents, Mr. and Mrs. Charles Anderson. Mrs. Olson before her marriage several months ago, was Miss Mary Anderson. Mr. Olson is a musician and played with the Griffin orchestra at Barnstable Hall, Lake Villa, last Saturday night.

Mr. and Mrs. Harry McNeal of Des Plaines spent Sunday at the G. A. Whitmore home.

## GRANT STUDENTS HEAR BRADLEY ON WOMAN'S CLUB PROGRAM TUES.

### Home Economics Club Gives Annual Mother- Daughter Banquet

The Long Lake Woman's Club conducted a program at the High School Tuesday evening. The speaker of the evening was Dr. Preston Bradley, of the People's Church of Chicago. A large crowd gathered and Dr. Bradley was appreciatively received. Other interesting features of the program were selections by the high school band and the Community Choral Club, a whistling solo by Mrs. Rader, and vocal selections sung in the Scotch dialect by Mr. Kay. The program was the result of careful planning and painstaking effort.

On the evening of April 20, the girls of the Home Economics Club gave their third annual mother-daughter banquet in the high school auditorium. The foods class composed of freshman girls planned and prepared the menu which was very much to their credit.

Mrs. Hill, teacher of home economics and sponsor of the club, introduced the officers and Helen Elter, club president, announced the speakers on the program.

The address of welcome by Eleanor Wilsch, the response by Mrs. J. Stratton, and the appreciation by Jean Stratton composed the speaking program. Variety was added by a vocal duet sung by Geraldine Helster and Elizabeth Valenta.

Following the banquet the girls of

the sewing classes were presented in a fashion show which revealed to the mothers the type of work done by the girls during the year.

On Wednesday evening, April 19, the girls of the G. A. A. had a swimming party at the Y. M. C. A. in Waukegan. Mrs. Meyers, Mrs. Stratton, Mrs. McDonough, and Mrs. Miller together with Miss Anselm were the sponsors. The party was composed of eighteen girls.

On Saturday of last week the commercial tennis competed in a contest at Duane. Teams were entered in shorthand 1, bookkeeping, and typing. Grant placed first in both divisions of the typing contest, with Harriet Stanton winning individual honors.

The two typing teams will go to the district meet which is to be held at Aurora next Saturday.

### Zion Claimant Writes President

Rev. Charles Francis Caldwell, claimant to the throne in Zion of Wilbur Glenn Voliva, this week directed an open letter to President Roosevelt demanding an answer on the president's stand against the remonetizing of silver at a 16 to 1 ratio.

Romonetizing, Rev. Caldwell claimed, would give employment to millions of the unemployed at high wages at no cost to the taxpayers.

was sponsored by Mr. Orr. The program consisted of two student speeches by Floy Wall and Mary Lutz, and an address by Mr. Wilder of the Remington Rand Company. Mr. Wilder's subject was "Character Analysis as an Aid in Selling."

Members of the high school faculty attended a meeting of the Illinois State Teachers' Association at Evanston Township High School on Monday, April 24. The teachers have reported that the meetings provided information which was of general interest and value to the profession.

Herb and Harry, local entertainers, visited at the high school on Tuesday and provided music for a social hour of dancing. The boys were assisted by Horace Thoreson, who played the drums.

A card party and dance was given by the Alumni Association last Saturday evening.

### West Point Vacancy Announced by Simpson

### Applicants in Tenth District Will Take Exams May 4

Congressman James Simpson, Jr., of the Tenth Illinois District, announces a vacancy at the United States Military Academy, West Point. In view of the fact that an emergency vacancy exists, a candidate will be appointed in the immediate future.

Owing to the volume of applications on file, Simpson will fill the vacancy by competitive examination, and has designated a board of examiners to be made up from the following list of army and navy officers:

An officer to be designated by General Francis E. Parker, Commandant Sixth Corps Area.  
Brig. Gen. Frank R. Schwengle, Commander Artillery for the State of Illinois.

Col. Diller Moyers, Chief of Staff, 33rd Division, designated by Gen. Roy Keelin.  
Capt. E. A. Evans, Commander, U. S. N. R. F.

Applicants residing in the Tenth Congressional district wishing to take the examination, which will be held May 4, should communicate immediately with Dwight J. Anderson, Jr., at the office of James Simpson, Jr., 1791 Howard street, Chicago, Phone Briargate 4441.

### 70 Contractors Attend Opening of Bids at Wilmet

More than seventy contractors were present at the meeting of Wilmet School Board held Wednesday when bids were read, but no contracts awarded. Representatives from the firm of Law, Law and Potter, architects who have drawn up plans for the building, were present. The board and the architects will spend several days in going over the bids submitted.

### Millburn Ladies' Aid Will Meet Next Thur.

### Hickory Unit of the Home Bureau Meets at Bonner Home

The Ladies Aid Society will meet at the church on Thursday afternoon, May 4. Supper will be served at five o'clock by the May committee: Mrs. Gordon Bonner, Mrs. Robert Bonner, Mrs. L. J. Slocum and Mrs. Cortano.

The Hickory Unit of the Home Bureau met at the home of Mrs. W. A. Bonner on Thursday afternoon, April 20, with seventeen members present.

Louise Schwelch had a bee on Saturday to tear down the ruins of his home which was destroyed by fire a month ago. They are planning to build a new home as soon as possible. The Rev. Mr. Holden is bringing his friend Dr. Laidman of Chicago, with him on Sunday, and he urges a large attendance to hear Dr. Laidman.

Mrs. Gussie Christensen of Union Grove will entertain her bridge club on Friday afternoon.

Mrs. Laura Corris and Will Corris of Russell were guests for dinner at W. M. Bonner's on Sunday.

Mrs. Beck of Evanston spent several days with her daughter, Mrs. A. H. Pierstorff.  
Mr. and Mrs. F. G. Edwards and family drove to Chicago on Sunday to visit their daughter, Ruth, and also called at the Earl Edwards home in River Forest.

J. H. Bonner, who has been ill for several months, is now able to be out again.

The Book Club will meet at the home of Jean Bonner on Monday evening, May 1st.

A. G. Torfin and family moved on Saturday from the Pope farm to the house recently vacated by the Finlay family.

Mr. and Mrs. Will Pope of Waukegan have returned to their farm home east of Millburn for the summer.

Mrs. A. O. Hughes was a medical patient at Victory Memorial Hospital for several days, receiving treatments for infection in her hand.

Mr. and Mrs. E. A. Martin and son, Richard, drove to Chicago Sunday afternoon.

### Shooting Results in Delinquency Charge

### Hunt Boy Charged With Death of Pony, by Wilkinson, Owner

The shooting of the pony, ridden by Albert Sorenson, in a pasture last Saturday morning, resulted in the filing of a delinquency charge Tuesday against Robert Hunt, charged with the shooting, by T. Wilkinson of Fox Lake, owner of the animal. The hearing will be held before Judge L. Persons, Saturday, May 13, in Waukegan.

Robert Gaston, Harry Nelson, Johnnie Horan, Raymond Horan, witnesses to the shooting, and Marshal John Brogan have been summoned to appear at the hearing. The shooting occurred when the boys were playing in a pasture near the septic tank Saturday morning. Albert Sorenson, son of Walter Sorenson, was carrying the 22 calibre rifle with which the shooting was done. Dr. G. W. Jonsson was called immediately, but the pony died in a short time.

The pony, although the property of Wilkinson, was kept at the Walter Sorenson farm three miles east of Antioch.

### Right-of-way for Paving Bulkley Rd. Obtained by County

Dedications of right-of-way to the state for the purposes of developing the road known as Bulkley road in Shields township, were recorded in the county recorder's office yesterday.

Bulkley road, a gravelled road for years, extends westerly from Green Bay road at Five Points, crosses Route '03, continues westerly to an intersection with 172 and 21, about a mile north of the main section of Libertyville. This is only one of the projects planned for development this spring, according to R. M. Lohdell, county superintendent of highways.

The dedications are all in Bartlett's Shore Crest subdivision and include properties belonging to F. H. Bartlett, Lee W. Billings, Ole Flem-

ing, Mary Alawang, Edna M. Smith, Mathilda Lamping, Wm. F. Haack, Alfred and Stella Tyler, Frank and Birdie Pachler, Edmund and Robert Rolch, Charles Simonsen, Aago and Ella Mundi, and Frank E. Blake. Dedications for highway purposes are not recorded until right-of-ways have been negotiated or an entire section of highway.

Mr. and Mrs. S. Boyer Nelson and Mr. and Mrs. H. B. Gaston visited Mr. and Mrs. Charles Goodman at Edgerton, Wis., last Sunday, and on their way home, stopped at Whitewater, where they visited Miss Agnes Hieslang, formerly employed at The Antioch News office.

## SCIENCE DEVELOPS NEW METHODS OF RAISING CALVES

CALVES FED CALF MEAL CHECKERS GREW FASTER  
THAN "NORMAL" AFTER 4<sup>TH</sup> WEEK

Source: Purina Mills Research Report 1707

## Science Develops New Method of Raising Calves

Nature's way of raising calves has not changed in thousands of years, but a noteworthy advance has been made recently in the method used by successful live stock breeders.

The new method has these advantages:

1. It matures calves earlier, turning them into milk cows when at least three months younger than so-called "normal" heifers.
2. It builds calves with larger, more rugged frames and less calf fat.
3. It practically eliminates scours.
4. It requires less labor than bucket feeding.

5. It costs less than feeding milk. Years of investigation with hundreds of calves at the Purina Mills Experiment Farm at Grays Summit, Missouri, led to the development of a calf meal formula as much like cow's milk as practical. It has the right combination of ingredients to give calves a better start and to grow larger, more rugged bodies. It consists of dried skim milk, blood flour, linseed flour, bolted corn meal, wheat flour, corn gluten meal, ½ per cent iodized salt and 1½ per cent calcium carbonate. As a new step in calf-feeding progress, this meal is now pressed into

cubes or checkers. In this form it is easy to handle and waste is prevented. It does not "ball up" in the calf's mouth, as ordinary meals do.

The chart shows the average growth curve of all heifers which have completed 16 weeks on this checkered calf feed in an extensive experiment which has been in progress at Purina Mills Experiment Farm since June, 1930. The second curve is the normal growth curve for Holstein heifers fed on whole milk as determined by well-known dairy authorities.

At 16 weeks of age, these calves fed the new way average 277 pounds against a normal weight for whole milk calves at the same age of 237 pounds.

While the calves receiving the calf checkers were heavier than the so-called "normal" for their age, they did not carry any surplus flesh, and were free from pot-bellies, which, in turn, enabled them to develop a good spring of ribs. Their size was all growth and development and not fat. This is the reason they grew out into such excellent heifers for an early freshening date.

Besides greater growth and earlier maturity in the calves themselves, this new method saves much labor. No trouble from scours has been experienced after taking the calves off of milk in nearly three years of feeding of checkers at the Experiment Farm.

### Three Antioch Matrons Describe Cooking Inspirations Across a Bridge Table

Candid words spoken across the bridge table one evening last week as three Antioch matrons chattered together after scores had been added, were the source of several ingenious recipes which The News offers this week to women readers.

Mrs. Herbert S. Roberts, who talks of recipes with all that absorption which is evident when a man talks of "affairs at the office," volunteered the first suggestion when she mentioned a dish of ham and eggs and ketchup. Mrs. Roberts' preparation of this dish is very simple. She fries ham and eggs together, in the usual way, but after placing the eggs in the skillet, sprinkles ketchup liberally over the top, then fries them in a covered pan. Her family is very fond of this dish, Mrs. Roberts says.

Mrs. Arthur Tricker picked up the thread of the conversation, mentioning that she had recently cooked a rolled steak. A rolled steak? Mrs. Rex Simms and Mrs. Roberts looked questioning.

#### Rolls Steak

"Well," said Mrs. Tricker, "I take a slice of round steak, quarter carrots and celery, add onion, and roll the vegetables in the steak, tying it together with string." Her next step, she said, is to brown the steak in butter, and after browning, she adds ketchup and allows it to simmer for an hour and a half. Potatoes can be dropped in with the meat. She suggests that individual rolls can be made with smaller pieces of steak.

The talk swerved to vegetables and settled on cauliflower. Melted cheese on cauliflower was described by Mrs. Roberts with that animation which tells you she likes to cook even before she has told you herself. She boils the cauliflower for this recipe in a cloth bag so it will remain intact. When it is cooked, she sprinkles grated cheese over the head, then places it in a deep bowl in the oven for a few minutes until the cheese has melted. She suggests plenty of cheese for this dish. Another unusual vegetable dish mentioned by Mrs. Roberts is Creamed Carrots and Celery.

Mrs. Simms offered a listening ear, but no suggestions, until Mrs. Roberts leaned forward and asked if she cooked in the southern way. Every one who has heard Mrs. Simms' soft voice suspects that she comes from somewhere below the Mason-Dixon line—it happens to be Kentucky. She acknowledged that she does use Southern recipes and somehow the talk led to Spanish rice. She makes here, Mrs. Simms explained, by browning the rice first. Her complete recipe as she explains it, is as follows:

#### Spanish Rice

3 small onions  
1/3 cup fat  
1/2 cup uncooked rice  
3 cups canned tomatoes  
3 green peppers (pimientos may be substituted)  
1 teaspoon salt

Slice onions and cook until tender and slightly brown in fat; remove onions from fat and put in rice, then cook until brown (be careful not to burn the rice). Add cooked onions, tomatoes, chopped peppers and salt to rice. Put in baking dish and bake until rice and peppers are tender.

A delicious confection called Black Walnut Bars which Mrs. Simms makes, is composed of the following ingredients:

#### Black Walnut Bars

3 eggs  
1 cup sugar  
1/2 cup butter  
2 squares unsweetened chocolate  
1 teaspoon vanilla  
1 cup black walnuts, broken into pieces.

Beat egg, add sugar slowly, mix well. Melt chocolate and butter together and add to mixture. Add four sifted with baking powder. Add vanilla and nuts which have been dredged with flour, saved out. Bake in shallow greased pan in moderate oven for 15 minutes. Immediately after removing from oven, spread with following:

White of one egg, unbeaten  
1/2 cup confectioner's sugar  
3 tablespoons melted chocolate.  
Stir together, spread on cookies, then cut in squares.

Lurking in a number of Antioch kitchens, there are, without a doubt, many recipes as novel and interesting to those "on the outside" as these. An exchange of recipes might prove a profitable and diverting hobby.

#### Prophet Slaying

Prophet is the murder of a prophet, says the Bible.

### Hints for Homemakers

By Jane Rogers

By using a screen like this you can have a little breakfast nook in your kitchen. You can make the screen yourself of pressed wood boards and decorate it to suit your own taste.

The custard pie will be an even, nice brown when baked if a little sugar is sprinkled over the top just before putting into the oven.

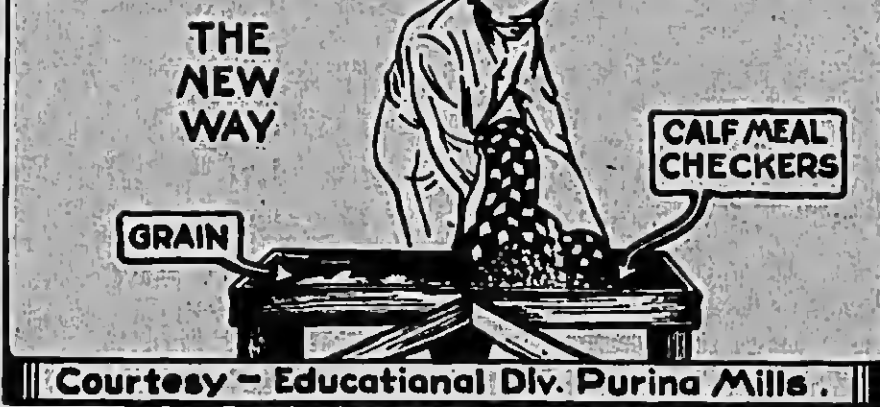

### Strawberries Add to Sunday Breakfast Menu

Fresh strawberries are an appetizing course for the Sunday breakfast menu. Serve them with cream and sugar, or serve whole strawberries, which have been washed and not juiced, accompanied by a nut cup or similar container filled with confectioner's sugar. The berries are dipped in the sugar as they are eaten.

### New Cotton Materials Will Save Ironing

For the woman to whom time is an important factor and to the woman who dislikes ironing, the cotton materials and seersuckers and rayons will prove a blessing. These materials may be washed and shaken out after they're dry, and they're ready to wear. These dresses should be spread flat on a towel to dry.

### SAVING LABOR IN CALF FEEDING

Dairymen can save a great deal of labor and eliminate a messy, disagreeable chore by using up-to-the-minute methods of calf feeding, states a special circular just released by the Research Staff of Purina Mills Experiment Farm. Besides saving time and trouble, better calves can be raised and at less cost than by the methods formerly considered good.

Essentially, the new feeding plan consists of calf meal which has been pressed into cubes or checkers and fed with grain, hay, and water, but no milk until the fourth week. At that time required is a few minutes a day once a day to put the calf checker into the trough and mix the new feed with what is left in the feeder. The calves feed themselves at will. The plan is almost as easy as letting them run with their dams. By this means, the heating of water

### Cold Meats, Salads Are Good Dishes for In- formal Menus

Sunday night buffet suppers to which the hostess has asked a dozen or more guests are the quintessence of informal informality in the ranks of parties. A Sunday night buffet supper, may or may not, precede bridge. Like the tea, it offers an opportunity to the woman who enjoys arranging an attractive table to display her skill. The hostess and, perhaps a friend, help the guests serve themselves from the platters which should be attractively arranged. The food, as well as the serving, should be informal.

Cold meats, salads, and hot breads are particularly well suited to the buffet type of menu. Below are given menus for these suppers:

- |                               |                            |
|-------------------------------|----------------------------|
| Ripe Olives                   | Celery                     |
| Sliced Fresh Ham              | Apple Rings                |
| Creamed Potato                | Asparagus Salad            |
| Hot Rolls                     | Conservé                   |
| Strawberry Schaum Tort        | Coffee                     |
| Meat Loaf (served hot)        | Tomatoes stuffed with Corn |
| Pear and Cottage Cheese Salad | Whole Wheat Bread          |
| Spiced Crab Pickles           | Jam                        |
| Cracker Pie                   |                            |
| Stuffed Celery                |                            |
| Crabmeat Salad                | Baked Potatoes             |
| Brussel Sprouts or            | Buttered Asparagus         |
| French Rolls                  | Coffee                     |
| Crackers and Assorted Cheeses |                            |

**Creamed Potato**—1 cup cooked creamed potatoes, 3 eggs beaten separately, 1 cup scalded milk, 1 cup grated cheese, 1 cup bread crumbs, 1 small can pimento cut fine, 1/2 green pepper, onion, 1/3 cup melted butter. Bake in loaf tin placed in pan of hot water.

**Apple Ring**—1 1/2 cups sugar, 1 cup water, 2 tablespoons of pink sugar. Cook syrup and put in slices of firm, juicy apples, and cook until glazed. **Schaum Tort**—Whites of six eggs, 2 cups sugar. Beat in an earthen bowl which has been cooled in refrigerator, with a wooden spoon. When stiff, add 1 tablespoon vinegar. Flavor to suit taste. Bake in two large pie tins. Put layers together with fresh fruit and whipped cream.

### MARIA REGISTERS

Maria Augustina Masero of San Juan, Philippine Islands, was born with out arms, but that did not affect her decision to vote in the elections next November. She is here seen signing registration papers with her foot.

### GOLD HUNTER

Capt. J. S. Bondurant of Cairo, Ill., who has been granted the first and only license issued by the Newfoundland government permitting him to prospect for gold in the wilds of Labrador. Captain Bondurant has led aerial expeditions to this section for the past three years and is said to have located rich gold areas.

This makes an unusual and delicious dessert.

**Cracker Pie**—Roll eleven soda crackers. Add 1 teaspoon baking powder, 1 cup black walnut meats, cut fine. Beat 3 egg whites, not stiff, fold in 1 cup of sugar and add cracker or mixture. Place in pie tin and bake in oven with temperature of about 350 degrees.

**Salads**—When serving salads with a buffet meal, take rounded leaves of lettuce and form a salad on each leaf. This makes the dish easy to serve from the platter to the individual plates.

#### Angora Wool Softest

The hairs of the angora rabbit are from 6 to 10 inches long and are said to furnish the softest wool in the world. An adult rabbit may be sheared three or four times a year and yields about three ounces of wool at a clipping, which is worth about ten times as much as equal quantity of sheep's wool.

#### Small Books

Among the smallest books is the 27-page, Illustrated Scholastic English Almanac presented to the public museum at Oshkosh, Wis., by Mrs. W. W. Waterhouse. It is a half-inch wide, seven-eighths of an inch long and one-eighth of an inch thick. It was printed in 1842.

#### The Brave Can Forgive

The brave only know how to forgive; it is the most refined and generous pitch of virtue human nature can arrive at. Cowards have done good and kind actions; cowards have even fought, and, sometimes even conquered; but a coward never forgave; it is not in his nature.—Sterne

## CHOOSING FOODS WISELY

By ADELAIDE SPOHN, Ph. D.

Nutritionist of the Elizabeth McCormick Memorial Fund and Director of Nutrition Service, Illinois Emergency Relief Commission.

### Adventures in Food

Today many of us find that we must depend more upon our own resources for variety and entertainment and less on travel and other expensive amusements. The ingenuity of the American woman finds many opportunities for variety and adventure in her own home. The kitchen with its raw materials ready to be developed into any number of delicious new dishes offers a challenge to any woman's skill in providing variety for herself and her family.

Here are a few inexpensive ways of dressing up the old standbys. Try them and see if they do not turn out to be as unusual and appetizing (that you could appropriately give them French names. Just to show what can be done let us start with cabbage. Here is one way of transforming it into an aristocrat. Shred the cabbage in long, fine strips and mix with a little grated raw carrot, a few carrot strips, some threads of green pepper, a hint of onion juice, dash of salt and sugar. Toss lightly in lemon juice, or weak vinegar and chill thoroughly.

Puddings and custards are not always desserts. Try these to be served with the meat and potatoes:

#### Corn Pudding

(Serves Six)  
1 No. 2 1/2 can corn  
1 1/2 cups milk  
1 1/2 cups sugar  
3 eggs, slightly beaten  
1/2 green pepper, chopped  
1/2 tsp. salt  
1/4 tsp. pepper  
2 tbsp. butter  
3 cups soft bread crumbs  
1/2 cup buttered bread crumbs

Mix all the ingredients except the buttered bread crumbs. Put into a buttered baking pan and cover with buttered crumbs. Bake one hour in slow oven (250° to 300° Fahrenheit).

#### Carrot Custard

(Serves Six)  
3 eggs  
1 1/2 cups milk  
1/2 cup grated raw carrot or mashed cooked carrot  
1 tsp. salt  
1/4 tsp. pepper  
3 tbsp. melted butter

Beat the eggs slightly, add the other ingredients, pour into a greased baking dish; place on a rack in a pan of hot water and bake for about one hour in a moderate oven (300° to 350° F.). Serve at once.

And speaking of things that are not what they seem, here is a loaf that is made of vegetables instead of meat. Incidentally, this is also a good Lenten dish.

Adelaide Spohn, Ph. D.

#### Vegetarian Loaf

(Serves Four)

1 cup peas  
1/2 cup chopped nuts  
1/2 cup dried bread crumbs  
1 egg  
1 tsp. salt  
1/4 tsp. pepper  
2 tbsp. melted butter  
1/2 cup milk

Drain peas and rub through a strainer. Add the other ingredients, mix well and put into a small buttered bread pan. Cover with oiled paper and bake forty minutes in a slow oven (250° to 300° F.).

Even bread can appear in unusual forms. Here's a recipe for chocolate bread pudding that is popular with the men and is economical. It serves five people.

1 pint milk  
1 cup bread crumbs  
4 tbsp. cocoa  
2 eggs  
6 tbsp. sugar  
1/4 tsp. salt

Scald milk, remove from fire, add crumbs and let stand ten minutes. Mix cocoa, sugar and salt and add the beaten egg yolks. Pour this mixture into egg yolks, fold in the beaten egg whites. Pour into buttered baking dish, set in pan of water and bake 45 minutes to an hour in a slow oven (250° to 300° F.).

Are you one of the many housewives who have just about run out of interesting ways to include liver in your family's diet? Next time you are perplexed, try this:

1 pound liver  
1 sliced thin  
1 quart thin sliced potatoes  
1 small onion, sliced  
1/2 cup milk  
1/2 cup salt  
Salt and pepper  
2 tbsp. lard

Pierce liver in boiling water for ten minutes and drain. Salt and flour the liver, brown slightly in fat. Place a layer of raw potatoes in a greased baking dish, sprinkle with salt and pepper. Add some of the liver and onion and continue until all are used. The top layer should be of potatoes. Pour on the milk, cover and bake for one hour in a moderate oven (300° to 350° F.). At the last remove cover and allow to brown.
